## Welcome from Scottish Hockey

It is my pleasure to welcome all participants of the Grand Masters & Great Grand Masters 4 Nations Tournament to Peffermill for the 2015 4 Nations Tournament.

It is Scotland's turn to host this annual tournament again, and as per all the previous 4 Nations, whilst the matches will be keenly contested on the pitch, the usual camaraderie and mutual respect off the park will ensure that everyone enjoys participating.

I'm sure this 4 Nations will be a great success as you demonstrate once more that hockey is a sport for all ages.

On behalf of Scottish Hockey I wish all players, umpires, officials and supporters a competitive and enjoyable event, and hope that your visit to Edinburgh will prove a memorable experience and one you will wish to repeat.

**David Sweetman, Scottish Hockey CEO**

## Welcome from the President of Scotland LX

Scotland are proud to host the 2015 Grand Masters & Great Grand Masters 4 Nations Tournament and I would like to welcome our hockey friends from England, Ireland and Wales to Peffermill.

This tournament has produced a lot of high quality hockey over the years and it is heartening when one hears first time visitors express surprise at the high skill and fitness levels of the participants.

Whatever the results, we will again enjoy the unique rivalry that is an integral part of our hockey family. Hockey can be enjoyed over a lifetime and the longevity of the bonds and friendship which are forged, are key to our sport and the enjoyment we all share.

I wish you all an enjoyable tournament and I look forward to meeting up with you all over the weekend.

**Kieran McLernan, Scotland L.X. President**

# TOURNAMENT RULES

## Grand & Great Grand Masters

- 1.1 This is a one pool competition with all teams playing against each other, and the following points will be awarded for each match:
  - Three points to the winner;
  - One point to each team , in the event of a draw;
  - No points to the loser
  
- 1.2 Teams will ranked according to the number of points each has accumulated in the competition.
  - a If at the end of the competition two or more teams have the same number of points for any place in the pool, these teams will be ranked according to the respective number of matches won.
  - b If there remains equality among two or more teams, then these teams will be ranked according to their respective goal difference. A positive goal difference always takes precedence over a negative one.
  - c If there still remains equality among two or three teams, then these teams will be ranked according to their respective number of “goals for”.
  - d Should there still remain equality among two teams , then the result of the match played between those teams will determine the ranking of the tied teams.
  - e Should there still remain equality among two teams then the ranking will be determined by a shoot-out competition between those teams and organised by the Technical Delegate.
